Beyond Key, a global IT consulting and software services company, recently hosted a bash, Heartbeats 2023, to commemorate its annual achievements and foundation anniversary.

With a Carnival theme, this colourful fiesta featured team-building activities conducted by the anchor, Varun, who used his wit and humour to set the tone of the event. Throughout the event, the attendees had the opportunity to visit various carnival stalls, providing an immersive and joyful experience not only for team members but also for their families and children. With more than 15 stalls, team members engaged in VFX games. Rides, tattoo corner, and plenty of other activities were organised.

Apart from internal team singing and dancing performances, valuable insights were shared by Beyond Key's leadership team, including CEO Piyush Goel, COO Ashish Sankhala. "Our long-term clients and employees are what make us a great place to work," said Sankhala.

In his speech, Piyush re-emphasised the core values that had been a crucial element of Beyond Key's success. He reflected on the substantial team growth throughout the year: "We have constantly extended our footprint on talent in India and even globally, achieving

an impressive 55% team growth in the past 2 years, with our team members now hailing from more than 15 different states of India, while our global presence of team extends to more nations," he said, and added, "We've forged strategic technology partnerships to bring in best-of-breed technology foundations for our clients."

Piyush shared, "In this inspiring climb of 18 years, we've grown leaps and bounds, and every award we've bagged makes it evidential, starting from being a Great Place to Work for the consecutive 4th year to being listed among the Dream Companies to Work, Titan Award, MP Best Employer Award and more, that are more than just a mere accolade to us, as it reaffirms and validates our commitment to fostering an exceptional workplace culture."

He further elaborated, "As a part of CSR initiative, every weekend, volunteers invest their efforts in engag-

ing with the children of a village Machala, which is near Indore, to embrace their skills and make them learn new things. Our ongoing commitment revolves around constantly creating positive change not just economically and technologically but also socially." Talking about the celebrations at the company, Piyush shared some happy glimpses of Beyond Key team members celebrating diverse festivities in different parts of the globe as a unified family.

Highlighting the vision and goals of the company for the coming year, he urged every team member to actively contribute towards its realization.

At the ceremonious awards segment, the company recognised and celebrated the long-term service members. The event came to end with a spectacular gala evening, providing a perfect platform for the entire team to come together and celebrate the achievements and success stories.

We've forged strategic technology partnerships to bring in best-of-breed technology foundations for our clients. Our ongoing commitment revolves around constantly creating positive change not just economically and technologically but also social

— Piyush Goel
